

OIL CLEAN UP PROJECT PERUVIAN AMAZON

500m delivered to one of the most isolated parts of the world. Firstly by sea freight in 1 x 12m container RTA to Lima Peru, from Lima to Pucallpa by truck, by barge down the river to the Amazon river and unloaded on the side of the Amazon. Crates lifted by helicopter 18 miles into the Jungle to polluted oil site in the Yanuyacu reserve in the middle of the Peruvian Amazon.
